Notes:

A - Contract for this route will be bid in mid-2003.

Amtrak California System

Systemwide Changes and Corrections

This timetable includes schedule changes effective April 28, 2003. Instead of the usual 2:00am Sunday change, this schedule change is taking place at 2:00am Monday—probably the time when the least number of passengers are actually in the midst of a trip.

All **changes** in timetable grids are shown in **bold face type**. This applies only to primary schedules, not connections. Primary schedules are easily differentiated from connections because connections are shown in *italics*. The schedule number index on pages 90-94 indicates which page has the primary schedule for each individual train or bus schedule.

The AFR (Amtrak Finance Route) is shown at the top of the “Notes” box on each grid. When there are exceptions, these are noted above the particular schedule. This information is useful for a few staff members of Amtrak’s financial department--the rest of you are encouraged to ignore it.

***Pacific Surfliner* Route**

Changes along the *Surfliner* route are so few and far between as to be almost insignificant. Stops have been or will be added at Camarillo for all north-end trains that didn’t stop there before.

The stop at San Clemente Pier returns to daily service for the summer period, it will go back to weekend-only status in the Fall.

Several of the *Surfliner* Thruway connections now require reservations. This was done to give the Bus Operations people a better idea of the need for extra sections, especially during peak travel times.

See page 9 for a summary of *Surfliner* changes.

***San Joaquin* Route**

San Joaquin train schedule changes are also quite minor, involving only two trains running 5 minutes earlier.

Bus changes are also relatively minor. A new interline connection began operating in December between Sonora and Modesto, restoring service to Tuolumne County. A new stop has been established at The Queen Mary in Long Beach for Cruise Ship passengers and those staying on the historic ocean liner. Bus stops in Mojave and Tehachapi have moved to new locations.

See pages 20-21 for a complete run-down of *San Joaquin* changes.

Capitol Corridor

The *Capitol Corridor* continues to expand. An eleventh weekday round trip was added in January, and the twelfth starts with this timetable. A few other trains have been modified here and there, including a few weekend trains.

Bus connections have been modified to coincide with the new train schedules, however service levels have not changed. Connections are available between *Capitol Corridor* trains and Lodi via Sacramento and *San Joaquin* trains or Route 3 buses, including a new evening bus connection. Most of these connections have actually existed since service began at Lodi, but we have never shown them before.

See pages 41-43 for a complete summary of *Capitol* changes.

***Cascades* Route**

There are no changes for *The Cascades*. A new stop will be added in Oregon City, Oregon on a date to be announced.

For the period May 23 through September 2, 2003, Amtrak will operate *The Lewis & Clark Explorer* between Portland and Astoria, Oregon on Fridays, Saturdays, Sundays and Mondays. This scenic route, which follows the Columbia River, has not had regular passenger service since the mid-1950's. The schedule is shown on page 64.

Nationwide System Trains

Nationwide system changes mostly involve restringing or schedule reductions resulting from the elimination of the express business on the Nationwide System (the new name for Basic System Trains). There are some minor changes to Nationwide System thruway connections, but nothing significant.

Connecting Non-Amtrak Services

Caltrain : New Caltrain schedules went into effect on March 24, 2003 as shown on pages 75-76 and the RRX (weekend replacement bus) schedules are shown on page 77.

New **ACE** schedules went into effect on January 6, 2003 and are shown on page 78. Additional service along the ACE route is now offered by Amtrak Route 6 buses, as shown on the ACE schedule. ACE expects to make some minor adjustments within the next few months to take advantage of track improvements and lifted speed restrictions between Lathrop and Stockton—however final schedules and effective date have not yet been set.

Coaster reinstated special Friday night service effective September 2002, and it is funded through June 30, 2003. The current schedules, including the Friday evening trains, are shown on page 84. While continuation of the Friday evening service is in doubt beyond June 30, no other changes are planned for the immediate future. There may be some minor schedule modification when the False Bay double track is placed in service this summer.

Metrolink schedules have not changed since October 2002, and no changes are planned for April 28, 2003. San Bernardino line schedules are expected to change about June 30 to allow more trains to stop at Covina and Montclair, but other lines will not change until October 27, 2003. Current Metrolink schedules are shown on Pages 80-83.

Next Schedule Change

The traditional fall schedule change occurs with the change back from Daylight Savings Time—the last Sunday in October. This year the time change falls on October 26, however the schedule change may actually take place on Monday, October 27, since Monday really makes more sense for a schedule change than Sunday.

Amtrak California Home Page

Don't forget to stay current with the Amtrak California Home Page at www.amtrakcalifornia.com where you can find news stories, press releases, FAQ's, maps to most of the Amtrak stations and bus stops, and a multitude of other information. You can also send us e-mail through the home page.

Beginning with Timetable No. 26, the Amtrak California Operating Timetable is posted on the website in easily printed pdf format. Whenever a schedule changes midstream, an updated or new page will be posted on the website as well.

For fare information, consult Amtrak's Home Page at www.amtrak.com.

Amtrak California System

General Notes

The following notes and symbols are used throughout this timetable. Additional footnotes for each schedule are shown in the "Notes" box, usually located at the bottom of the page.

() - Numbers and letters in Parentheses after Station name indicate additional service at that station.

CC - *Capitol Corridor* (Auburn - Sacramento - Oakland - San Jose)

PS - *Pacific Surfliner* (San Diego - Los Angeles - Santa Barbara - Goleta - San Luis Obispo)

SJ - *San Joaquin* (Bakersfield - Fresno - Stockton - Sacramento - Emeryville - Oakland)

Numbers indicate bus routes, see List of Routes on Page 2.

In the Basic System Schedules, these additional codes are used:

CS - *Coast Starlight* (Seattle - Sacramento - Oakland - San Jose - Los Angeles)

CZ - *California Zephyr* (Chicago - Denver - Salt Lake - Reno - Sacramento - Emeryville)

EB - *Empire Builder* (Chicago - Twin Cities - Spokane - Seattle/Portland)

NW - *Cascades* (Eugene - Portland - Seattle - Vancouver, BC)

SW - *Southwest Chief* (Chicago - Kansas City - Albuquerque - Los Angeles)

SL - *Sunset Limited* (Orlando - New Orleans - Houston - Los Angeles)

TE - *Texas Eagle* (Chicago - St. Louis - Dallas - San Antonio - Los Angeles)

Schedules that have changes are shown in bold face type, schedules with no changes are shown in light face type.

Connections are shown in italics.

When stop location is not identified, stop is at Amtrak Station.

Arrival times for Outbound Buses: Schedules for buses traveling away from the Train Connection are approximate. Actual arrival time will depend on traffic conditions, train connections, and number of passengers for each stop. At "D" stops, arrival time may be either before or after scheduled time.

Shaded areas indicate bus service.

Unshaded areas indicate train service.

AFR: - Amtrak Finance Route.

@ - Stop location to be determined.

b - Bus connection point, connection guaranteed.

c - Train connection point, connection guaranteed.

D - Stops only to discharge passengers, arrival time approximate. Does not stop when there are no passengers getting off at this stop.

® - Reservations required on this train or bus.

An arrow indicates a connection from one schedule to another.

A straight vertical line in the schedule column indicates that the bus or train does not serve the stop.

A horizontal dash in the schedule column indicates that the train passes the stop, but does not stop.

Daily - Schedule operates seven days a week.

XSSH - Schedule operates Daily **except** Saturdays, Sundays and Holidays (see below).

SSH - Schedule operates on Saturdays, Sundays and Holidays **only** (see below).

See "Notes" for other frequency notations.

Holidays: New Years Day, Memorial Day, Independence Day (July 4), Labor Day, Thanksgiving Day, and Christmas Day. In most cases, Sunday service is operated on these holidays. In some cases, Holiday schedule may also be operated on Martin Luther King Jr. Day, Presidents' Day and the day after Thanksgiving, consult Amtrak.

Bicycles: On the *San Joaquins* and *Capitols*, each regularly assigned coach car (6400 & 8000 series), and cab car (8300 series) has a bicycle rack that accommodates three bicycles. Cab cars (6900 series) have a baggage room that is used for checked baggage on the *San Joaquins*. Since the *Capitols* do not handle checked baggage, this baggage room on 6900 series cab cars can accommodate 13 bicycles when the baggage racks are folded up. Coach-baggage cars (8200 series) Café-Coaches and Dining Cars do not have bicycle racks.

On the *Pacific Surfliner* trains equipped with the new *Surfliner* equipment, only coach cars in the 6400 series (usually two on each train) are equipped with bicycle racks.

Passengers on Amtrak California Thruway buses may stow unboxed bicycles in the under-floor luggage space, however these passengers are responsible for loading and unloading their bicycles, and Amtrak assumes no responsibility for damage or loss of bicycles carried on buses.

Bicycle space is available on a first-come, first-served basis.

Amtrak California System

Types of Bus Services

There are three types of Amtrak Thruway Bus Service shown in this Timetable. Each individual route table indicates which type the bus route is in the box at the top.

Dedicated bus connections are operated exclusively for Amtrak passengers holding Amtrak tickets. State law requires that passengers on these routes must be using the bus in combination with train travel. While schedules are primarily designed to connect with Amtrak trains, passengers may also use these buses to connect with other rail services, such as Caltrain or Metrolink. Local bus-only travel is only permitted when travel is part of a round-trip that includes train travel in the other direction.

Passengers may stopover, within the limit of their ticket's validity, at the transfer point. Most bus routes in the Amtrak California System are operated as Dedicated connections.

Mixed Mode buses are operated in conjunction with regular intercity bus carriers. Amtrak passengers are carried on the same bus as the bus company's own passengers. In some cases, mixed mode buses make more stops than those shown in Amtrak timetables. Amtrak passengers may ride the buses to or from these stops, but must purchase their Amtrak ticket to the next Amtrak fare point beyond the stop. Route 18A (Hanford-Santa Maria), Route 18B (Hanford-Visalia), Route 33 (Fresno-Porterville) and Route 34 (San Francisco-Stockton) are all mixed-mode feeders.

Interline connections are basically the same as Mixed-Mode service, except that the bus service receives no financial support from Caltrans or Amtrak, other than passenger revenues. Amtrak tickets are honored, and the carrier receives compensation for each Amtrak passenger carried. Route 15 (Yosemite), Route 24 (Tuolumne County), Route 69 (Los Angeles-Las Vegas), the Greyhound schedule from Bakersfield to Las Vegas (Bus 8816) and most basic system and *Cascades* connections are interline feeders.

Passengers without Tickets: In most cases, an Amtrak passenger who does not have a prepurchased Amtrak ticket will surrender his or her photo ID to the bus driver at the boarding point. At the next open Amtrak ticket office, usually the transfer point, the passenger will purchase a ticket from the boarding point to his or her destination, at which time the ID will be returned. In a few cases, passengers will purchase a combination bus-rail ticket from the bus driver that includes a train ticket from the transfer station to the next station up the line. If the passenger is going beyond the next station, he may apply the purchase price toward a ticket to his or her destination at the transfer station. Outbound passengers from the train must have a valid ticket or ticket receipt before boarding bus.

All Amtrak passengers must have a government issued photo ID to purchase tickets.

Passengers boarding any Amtrak bus must have an Amtrak ticket or a government issued ID to board the bus.

Wheelchair Accessible Bus Service

Buses regularly assigned to California Amtrak service are equipped with wheelchair lifts and tie-down provisions for at least one wheelchair per bus. To assure that space is available for passengers wishing to use a wheelchair lift, advance reservations are suggested, and may be made through Amtrak's Toll-Free Reservation Number (1-800-USA-RAIL).

When a passenger requests use of a wheelchair equipped bus, the ticket agent or reservation agent should reserve a "W" seat and initiate a Special Service Request through the Philadelphia, PA RSO. 24-hour advance notice is advised for all wheelchair requests. The Philadelphia RSO will in turn notify the bus company of the date, time and schedule of the passenger, the passenger's name, and any special instructions. Local station agents are encouraged to also notify the bus operator, to ensure that a wheelchair-lift equipped bus will be assigned to the proper schedule.

Effective April 28, 2003

PACIFIC SURFLINER ROUTE

Summary of Changes and Corrections

Train Schedules

Pacific Surfliner Route -- San Diego - Los Angeles - Santa Barbara - San Luis Obispo – The stop at San Clemente Pier returns to daily service for the summer schedule—it will go back to weekends only with the October schedule change.

Schedule changes for *Pacific Surfliner* trains are quite minor. Northbound, Trains 763 and 785 will add a stop at Camarillo when platform work is complete—sometime during the summer of 2003. All other northbound trains are unchanged.

Southbound, Train 768 is one minute earlier at Moorpark. Train 774 adds a stop at Camarillo. Weekend Train 780 and Daily Train 784 are both one minute earlier at Moorpark. Train 796 will add a stop at Camarillo during the summer when platform work is complete. All other southbound trains are unchanged.

Bus Schedules

Route 4 -- South Coast – There are no schedule changes to Route 4. All buses on Route 4 are now reserved, with an unlimited inventory available. This change will give a more accurate assessment of when extra sections will be needed. Special Thanksgiving buses 4582 and 4583 will not operate during the currency of this timetable, however they are shown to remind us of their existence when we start working on the Fall schedule.

Route 1 -- Los Angeles Basin – A new stop has been added in Long Beach at the Queen Mary. This stop will supplement, rather than replace the downtown stop at Denny's. Primarily, the Queen Mary stop is for Carnival Cruise passengers using Amtrak to get to or from their cruise ship, and passengers vacationing at the Queen Mary. Addition of this stop changes the departure or arrival time at San Pedro by a few minutes.

As with Route 4 above, Los Angeles-Bakersfield *Surfliner* buses 5872 and 5885 are now reserved.

See the *San Joaquin* summary on pages 20 and 21, for a complete discussion of other Route 1 changes.

Route 17-A -- Central Coast – *The Coast Daylight Bus*, schedules 4769 and 4796, began running all the way to San Francisco and Oakland on December 14, 2002. Oakland was added as a stop because it is where the bus is parked overnight. The Oakland stop also allows a one-bus connection for passengers from *Capitol* Train 527 on weekdays, without having to ride Route 21 Bus 6127 to San Jose to make the connection. *The Coast Daylight Bus* was an immediate success—operating in two sections on its second day of operation. This is partially due to the poor time keeping of *The Coast Starlight* recently, but even when *The Starlight* is running on time, but buses have had respectable passenger loads. As is the case with the *Capitol Corridor's* Route 21 Coast Bus, Buses 4769 and 4796 require advance reservations.

Northbound, there are no schedule changes on Route 17A for April 28. Southbound, Bus 4796 leaves Oakland 20 minutes earlier and San Francisco 10 minutes earlier to improve reliability. Otherwise, there are no changes southbound.

Route 17-B -- Santa Ynez Valley – No changes.

Pacific Surfliner Route -- SAN DIEGO - SANTA ANA - LOS ANGELES - OXNARD - SANTA BARBARA - SAN LUIS OBISPO

Route 4 -- Supplemental Bus Service: LOS ANGELES - OXNARD - SANTA BARBARA

FINAL--Effective April 28, 2003

SAN JOAQUIN ROUTE

Summary of Changes and Corrections

Train Schedules

San Joaquin Route -- Oakland - Emeryville/Sacramento - Stockton - Fresno - Bakersfield – Once again, *San Joaquin* changes are quite minor. Southbound, Train 718 runs five minutes earlier from Oakland to Bakersfield. This change was predicated by a proposed *Capitol Corridor* change to Train 542 that was modified so late in the process as to make it impractical to put 718 back in its old slot. Northbound, Train 703 also runs five minutes earlier to preserve the meet with Train 718. Otherwise, there are no *San Joaquin* changes.

Bus Schedules

See the *Capitol Corridor* summary, on Pages 41-43, for changes to Routes 20 (High Sierra/Sierra Foothills), 23 (Lake Tahoe), 99 (Trans Bay), 21 (Monterey Bay/Central Coast) and 22 (Santa Cruz).

Route 34 – Bay Area-Stockton – Due to earlier operation of Train 703, Bus 4403 will operate 5 minutes earlier from Stockton to San Francisco. All other Route 34 schedules are unchanged.

Route 3 – Sacramento Valley – Southbound, to improve reliability, Bus 3704 will operate 5 minutes earlier from Redding to Sacramento. New Bus 3838 will offer a connection from *Capitol Corridor* Trains 538 or 738 to Lodi. It will also provide a Lodi connection for *The California Zephyr*, Train No. 5, when that train is operating late enough to miss the connection with Train 704. When there are no passengers going to Lodi, however, this bus will not operate. When the bus is needed as an extra section for Trains 718 or 717 (or both), it will operate to Stockton via Lodi if there are any Lodi passengers. Whenever Bus 3838 operates, a BQ will be required. Due to the earlier operation of Train 718, Bus 3718 will operate 5 minutes earlier from Redding to Stockton, and Bus 3818 will operate 5 minutes earlier from Davis to Sacramento. There are no other southbound changes.

Northbound, due to the earlier operation of Train 703, Bus 3803 will operate 5 minutes earlier from Sacramento to Suisun/Fairfield. There are no other northbound changes.

Route 7 -- North Bay/Redwood Empire – Southbound, due to the earlier operation of Train 718, Bus 6318 will operate 5 minutes earlier from McKinleyville to Martinez, and Bus 6518 will operate 5 minutes earlier from Napa to Martinez. Bus 6446 operates 5 minutes earlier from Santa Rosa to Martinez to improve the reliability of the connection to Train 546. All other southbound schedules are unchanged. There are no changes northbound.

Route 6 – South Bay/Santa Cruz – Westbound, Bus 3911 adds weekday only stops at the Stockton ACE Station, Lathrop ACE Station, Vasco Road ACE Station, and Pleasanton ACE Station. These stops are for ACE ticket holders. In addition, Livermore will become a positive stop on weekdays for ACE passengers. “D” stops at Great America and the Santa Clara Caltrain Station (SCC) are added everyday for both ACE and Amtrak passengers. Bus 3911’s running time has been lengthened to allow for these additional stops, but bare in mind that on weekends, this bus is likely to be running early since it will not have to make the additional ACE stops. Bus 3901 is unchanged from Stockton to San Jose, but runs 40 minutes later from San Jose to Santa Cruz. Bus 3913 is unchanged. Bus 3915 is also unchanged to San Jose but runs 25 minutes earlier San Jose to Santa Cruz. Likewise, Bus 3917 is unchanged to San Jose but runs 5 minutes earlier San Jose to Santa Cruz. Due to the earlier operation of Train 703, Bus 3903 runs 5 minutes earlier from Stockton to San Jose. San Jose-Santa Cruz Bus 6916 is unchanged, but Bus 6920 runs 15 minutes later to improve Caltrain connections.

Eastbound, Bus 3916 adds everyday stops Santa Clara Caltrain Station and Great America, weekday only stops at Pleasanton-ACE and Vasco Rd.-ACE and a weekday discharge only stop at Lathrop-ACE. The schedule has been lengthened to account for the additional stops. These stops are primarily for ACE passengers, however Amtrak passengers may also board at any of these stops except Lathrop. Bus 3918 runs 5 minutes later from Santa Cruz to San Jose, and 5 minutes earlier from San Jose to Stockton. Bus 3910 adds weekday stops at Vasco Rd.-ACE, and Tracy-ACE (discharge only), and no longer stops at Tracy-Wendy’s. To allow for the two new stops, the schedule has been completely restrung.

Route 24 – Tuolumne County – This new interline feeder operated by Greyhound, is actually an extension of Route 34. Since Greyhound operates the buses through between San Francisco and Sonora, we will not show Amtrak connections to/from San Francisco in public timetables. It is not likely a passenger would want to ride the bus from Sonora to Modesto, transfer to the train to Stockton, and then get back on the same bus to San Francisco. There are two round trips daily, connecting with Trains 701, 702, 703 and 704 to or from Sacramento; and with Train 712 to Bakersfield, and Trains 711 and 715 from Bakersfield. Bus 8803 operates too late to make a Bakersfield connection.

New Stop Locations—Sonora: Days Inn, 160 South Washington St., 95370, **Oakdale:** Golden Sunset Sierra Dinner Train Station, 220 South Sierra Ave., 95361.

Route 15 -- Yosemite – Some minor changes went into effect last October, but they were received too late to be included in Timetable No. 26. There will be another minor adjustment in mid-May.

Westbound, Bus 8413 arrives in Merced 15 minutes later at 12:30pm, and Bus 8401 (which had no train connection) was discontinued—although it will probably be reinstated in mid-May for the summer season. Eastbound, Bus 8416 was cut back to Midpines, however it will still operate to El Portal and Yosemite when there are Amtrak passengers with these destinations (this arrangement was identified too late to be put into the public timetable). The mid-May schedule change will probably also see reinstatement of regular service all the way to Yosemite for Bus 8416. The October 2002 schedules are shown on Page 31. Consult the Amtrak California website (www.amtrakcalifornia.com) for the mid-May schedule updates.

Route 18-A -- Central Coast/Valley – Eastbound, Bus 4903 operates 20 minutes later from Santa Maria to Hanford. There are no other changes.

Route 18-B -- Tulare County – Westbound, Bus 4704 runs 1:15 minutes from Visalia, permitting a connection to northbound Train 703. Eastbound, Bus 4717 is renumbered 4703, running 35 minutes later, and connecting with Train 703 from Bakersfield. Buses 4712 and 4713 are unchanged.

Route 33 -- East Valley – Northbound, Bus 4801 is unchanged, but Bus 4803 is renumbered 4817 and runs 2:10 earlier, connecting with Trains 716 and 717 at Fresno. Southbound, Bus 4802 is unchanged, but Bus 4804 is renumbered 4816 and runs 2 hours earlier, connecting with Trains 716 and 717 at Fresno. These changes make the afternoon schedule more convenient for local riders, and provide direct train connections to or from the Bay Area instead of Sacramento (the morning round trip still has Sacramento train connections).

Route 1 -- Los Angeles Basin – A new stop is being added at the Queen Mary in Long Beach. This stop will serve Carnival Cruise passengers and others vacationing on the classic ocean liner. Southbound, the stop will be served by all four buses that also serve San Pedro, however passengers should not plan to make a same-day connection to their cruise ship. Northbound, only the last two buses will pick passengers up at the Queen Mary. Northbound schedules do permit same-day connections from the cruise ships. All buses continue to stop at Denny's in downtown Long Beach.

Northbound, to improve reliability, Bus 5713 leaves San Pedro and Long Beach 15 minutes earlier, and Bus 5813 leaves Santa Ana and Fullerton 15 minutes earlier, but both are otherwise unchanged. Bus 5717 leaves San Pedro 10 minutes earlier to permit the Queen Mary stop. Due to the earlier operation of Train 703, Buses 5703, 5803 and 5903 all run 5 minutes earlier, and Bus 5703 leaves San Pedro 15 minutes earlier to permit the Queen Mary stop. All other northbound schedules are unchanged.

Southbound, Buses 5702, 5712, 5714 and 5716 all arrive in San Pedro 5 minutes later to allow for the addition of the new stop at the Queen Mary. Bus 5818 runs 5 minutes earlier due to the earlier arrival of Train 518. All other southbound buses are unchanged.

New Stop Location--Long Beach--Queen Mary (LBQ): 1126 Queens Highway, 90802.

Route 10 -- South Coast/Valley – All Route 10 schedules have been restrung to allow for highway construction and traffic congestion. Westbound, 5 minutes has been added between Oxnard and Ventura. Eastbound, 5 minutes has been added between Santa Barbara and Carpinteria, and 10 minutes has been added between Oxnard and Santa Paula. In addition, Bus 4603 arrives in Bakersfield 5 minutes earlier due to the earlier departure of Train 703.

Route 9 -- Barstow/Las Vegas – Westbound Bus 4203 runs 5 minutes earlier. There are no other schedule changes. Buses 4217 and 4203 will operate **one hour earlier**, due to heavy traffic on I-15, on the following dates: Saturday, May 24; Monday, May 26; Friday, July 4; Sunday, July 6; Saturday, August 30; Monday, September 1; Wednesday, November 26; and Sunday November 30, 2003; as well as Sunday, January 4, 2004.

New Stop Locations--Tehachapi: On March 1, 2003, the Amtrak stop in Tehachapi moved to Burger King, Tehachapi Blvd. at Mulberry St., 93561. **Mojave:** In order to consolidate the Amtrak stop with the stop used by Greyhound and Orange Belt Stages, the Mojave stop moves to McDonalds, 16150 Sierra Highway (at Nadeau St.), 93501.

Route 12 -- Antelope Valley – No changes.

Route 19 -- Inland Empire/Coachella Valley – There are no southbound changes. Northbound, Bus 5415 leaves the Simpson Center stop in Hemet 5 minutes earlier, but all other times are unchanged. Bus 5403 runs 5 minutes earlier to connect with earlier Train 703. All other northbound buses are unchanged.

Route 27 -- Trinity County (See Page 64) -- No changes.

SAN JOAQUIN ROUTE -- OAKLAND - EMERYVILLE - SACRAMENTO - STOCKTON - FRESNO - BAKERSFIELD

Notes:

See Page 5 for general notes.

Changes shown in bold face type.

A - Train 14 stops at Amtrak Station in Redding.

C - Bus 3-3 deadheads back to Sacramento to cover Schedule 3803.

E - On request, bus will drop off passengers at the State Capitol bus stop (10th & N Sts.) enroute to Sacramento depot stop. Driver must be notified before leaving Stockton.

F - Bus 3811 turns from Bus 3812 (due in Stockton at 9:05am).

G - Bus departs 5 minutes after train arrival, even if train arrives early.

4/17/03

DOR/SMM

AFR: 71

M - Bus 3811 stops at Lodi to discharge passengers, and to pick up passengers connecting to other Amtrak trains at Sacramento. In ARROW Lodi time shows on Bus 3711.

@ - Reservations required.

S - Time shown as 11:59pm in ARROW and public timetables to avoid confusion concerning departure date.

U - ACE Station

y - Time set to "board only" in ARROW.

San Jose - Santa Cruz

Emeryville - San Francisco

**Oakland - San Jose - Monterey -
San Luis Obispo - Santa Barbara**

CAPITOL CORRIDOR

Summary of Changes and Corrections

Train Schedules

Capitol Route -- Auburn - Sacramento - Emeryville - San Jose – The *Capitol Corridor* continues to expand. On January 6, 2003, an eleventh weekday round trip was added (Train 521 westbound, and the return of Train 546 eastbound). In addition, a Friday only late train from Sacramento (Train 553) was added. Other changes include the termination of Train 525 at Oakland (replaced by Bus 6125, and the slot was used by new Train 521), and renumbering of Train 749 to 751.. Train 544 was changed to run 10 minutes later (same schedule as its weekend counterpart Train 744).

Now for April 28, 2003, the twelfth weekday turn debuts, and there are a few other changes. Westbound, Train 531 runs 30 minutes earlier, leaving Sacramento at 9:10am. This leaves a space for new Train 533, leaving Sacramento at 10:40am. Train 541 runs 30 minutes earlier at 2:10pm. Weekday Train 551 runs 30 minutes later at 8:40pm, but it's weekend partner (Train 751) stays at 8:10pm. Short-lived Friday-only Train 553 is discontinued.

Eastbound, New Train 526 leaves Oakland at 9:15am. Train 532 leaves Oakland 30 minutes earlier at 12:15pm. Train 540 is replaced by Bus 6140 between San Jose and Oakland, and leaves Oakland 5 minutes later at 4:50pm. Meanwhile, Train 542 is extended to operate from San Jose, leaving there at 4:05pm, and then runs 5 minutes earlier from Oakland. All other trains are unchanged.

Bus Schedules

See the *San Joaquin* summary, starting on Page 20, for a description of changes to Route 3 (Sacramento Valley) and Route 7 (North Bay-Redwood Empire).

Route 20 -- High Sierra/Sierra Foothill – Shortly after the October schedule change, Roseville-Sacramento Bus 3625 was traded to Route 3 in exchange for Sacramento-Roseville (weekdays only) Bus 3640, which was then extended to Auburn. The only change for January 6 was the renumbering of Buses 3549 and 3649 to 3551 and 3651 respectively.

For April 28, 2003, westbound Bus 3631 runs 30 minutes earlier for its earlier train connection. Bus 3645 runs 10 minutes earlier to avoid the problem of having it arrive westbound 5 minutes after it was supposed to leave eastbound. Bus 3551 runs 30 minutes later for Train 551 and is replaced on weekends by Bus 3591 which maintains the former schedule. Likewise, Bus 3651 also runs 30 minutes later, replaced on weekends by Bus 3691 running on the old schedule. All other westbound buses are unchanged.

Eastbound, Bus 3640 runs 10 minutes later and Bus 3642 runs 10 minutes earlier due to changed train times. All other eastbounds are unchanged.

Route 23 -- Lake Tahoe – On January 6 there were no schedule changes, but Bus 3449 was renumbered 3451.

For April 28, westbound Bus 3445 has had some of the winter season schedule pad removed, running 20 minutes later from Stateline to Rancho Cordova, while still arriving in Sacramento at 4:10pm. Bus 3451 runs weekdays only, leaving all stops from Stateline through Rancho Cordova 55 minutes later, arriving in Sacramento at 8:25pm. On weekends, it becomes Bus 3491, running 25

minutes later from Stateline to Rancho Cordova, although the Sacramento arrival is unchanged. There are no eastbound changes to Route 23.

Route 22 -- Santa Cruz – The only Route 22 change for January 6 was moving Bus 6825 20 minutes later to retain the connection with Bus 6125 (formerly the connection was Train 525).

For April 28, there are several changes, although they are all minor. The goal was to maintain connections with the new March 24 Caltrain schedule, the April 28 *Capitol Corridor* and *San Joaquin* changes, and yet to regularize departure and arrival times as much as we could.

Westbound, Bus 6920 runs 15 minutes later. Weekday Bus 6823 runs 5 minutes later and also serves the Boardwalk stop. Bus 6825 runs 5 minutes earlier. Bus 6877 runs 20 minutes later. Buses 3901 and 6883 swapped slots, due to frequent late arrivals in San Jose of Bus 3901. Bus 6883 runs 45 minutes earlier and is renumbered 6833, while Bus 3901 runs 40 minutes later on 6883's old schedule. Bus 6889 is renumbered 6964 and runs 5 minutes earlier. Bus 3915 runs 25 minutes earlier. Bus 6847 runs 5 minutes earlier and Bus 3917 also runs 5 minutes earlier.

Eastbound, Bus 6832 (XSSH) and Bus 6971 (SSH) are replaced by daily Bus 6816 running 5 minutes later than 6971's former schedule. Bus 6838 runs 5 minutes earlier. Bus 6842 is renumbered 6840 and runs 10 minutes later. Bus 3918 runs 5 minutes later. Bus 6844 runs 10 minutes later. Bus 6810 is renumbered 6846 and arrives San Jose 5 minutes later. Bus 6814 is renumbered 6848 without schedule change. Bus 6997 is renumbered 6898 and runs 10 minutes earlier. Bus 6999 runs 5 minutes later, while Bus 6943 runs 5 minutes earlier.

All other Route 22 buses are unchanged.

Route 99 -- Trans Bay -- For January 6, new weekday Buses 3321 and 6621 were added to connect with new Train 521. The *California Zephyr* connection from Oakland to Emeryville, Bus 6006, was discontinued. Instead, passengers use Route 21 Bus 6106 on weekdays and Train 724 on weekends. New Friday-only Bus 6653 was added for the Friday only Train 553. Sacramento-San Francisco Bus 6603 was discontinued. Eastbound, Buses 3344 and 6644 run 5 minutes later. Bus 6646 was restructured from a San Francisco-Sacramento bus to become a San Francisco-Emeryville connection for reinstated Train 546. New Bus 3346 was added to provide the Caltrain, Moscone, 4th & Market and Hyatt connections for Train 546.

For April 28, Westbound, Bus 6631 runs 30 minutes earlier. Bus 6683 is renumbered 6633 and becomes daily, connecting with Train 533 on weekdays and 733 on weekends. Bus 6641 becomes weekdays only, running 30 minutes earlier. On weekends, it becomes 6691 with no change in schedule. *California Zephyr* connection Bus 5005 runs 1 hour earlier. Bus 6651 becomes weekdays only and runs 30 minutes later. On weekends, it becomes Bus 6681 with no change in schedule. Friday only Bus 6653 is discontinued.

Eastbound, new weekday Bus 6626 connects with new Train 526. Bus 6632 runs 30 minutes earlier. Buses 3340 and 6640 run 5 minutes later. Bus 6642 becomes weekdays only, leaving Pier 39 5 minutes later (no other changes). On weekends, it becomes Bus 6692, running 10 minutes earlier. Bus 3342 becomes weekdays only with no change of schedule and no replacement on weekends. Bus 3392 becomes weekends only and runs 10 minutes earlier. On weekdays it becomes Bus 3382 with no change of schedule. Buses 3318 and 6618 are restrung to coincide with the schedules of Buses 3382 and 6642, and Bus 3318 adds a stop at the Hyatt. Emeryville-Oakland Bus 6005 runs 1 hour earlier. Weekday Buses 6644 and 3344 are consolidated with weekend Buses 6694 and 3394 using the weekday numbers and the weekend schedules.

All other Route 99 schedules are unchanged.

Route 21 – Monterey Bay/Central Coast –

Oakland-San Jose Branch: For January 6, new southbound Bus 6125 connects with Train 725 at Oakland, making all stops to San Jose. Bus 6149 was renumbered 6151 without schedule change. Northbound, new Bus 6104, essentially a deadhead, runs non-stop from San Jose to Oakland. Bus 6106 was restructured to provide the weekday connection from both San Jose and Oakland for Train No. 5 *The California Zephyr*. Bus 6146 was rescheduled and cut back to Oakland, connecting with reinstated Train 546.

For April 28, Southbound Oakland departures for Buses 6125, 6127, 6131 and 6151 were adjusted to one minute after train arrival so the buses will not be delayed when the trains arrive early. Bus 6131 is also 35 minutes earlier at other stops. Bus 6141 is 30 minutes earlier at other stops. Bus 6151 becomes weekday only, running 30 minutes later, while on weekends it is replaced by Bus 6191 with no schedule change (other than Oakland departure time). Northbound, Bus 6132 is discontinued, replaced by new Bus 6140 connecting with truncated Train 540. Bus 6142 runs 10 minutes earlier. All other Oakland-San Jose schedules are unchanged.

Monterey Bay Branch: There were no changes on this portion for January 6, and the only change for April 28 is the arrival time of Bus 6834 in San Jose—it is now 12:15pm so that it can connect with Southbound Route 17A Coast Daylight Bus 4796.

Central Coast Branch: There are no changes for the Central Coast Branch on either January 6 or April 28.

As mentioned last time, Route 17A Coast Daylight Buses 4769 and 4796 began operating on December 14, 2003 between Santa Barbara and San Francisco, with extended service to and from Oakland. While the northbound bus arrives too late to make any connections, the Southbound Bus (4796) connects with *Capitol* Train 527 at Oakland on weekdays and Train 727 at San Jose on weekends.

Route 68 -- Monterey Peninsula – No changes for either January 6 or April 28.

Notes:
See Page 5 for general notes.
Changes shown in bold face type.
A - Bus departs 5 minutes after train arrival, even if train arrives early.
B - On SSH, Bus 3803 operates on same schedule between Sacramento and Davis only.
© - Reservations required.

Notes:

ACE Schedule are subject to change.

ACE operates Monday through Friday only. No weekend or Holiday service.

ACE will not operate on the day after Thanksgiving,

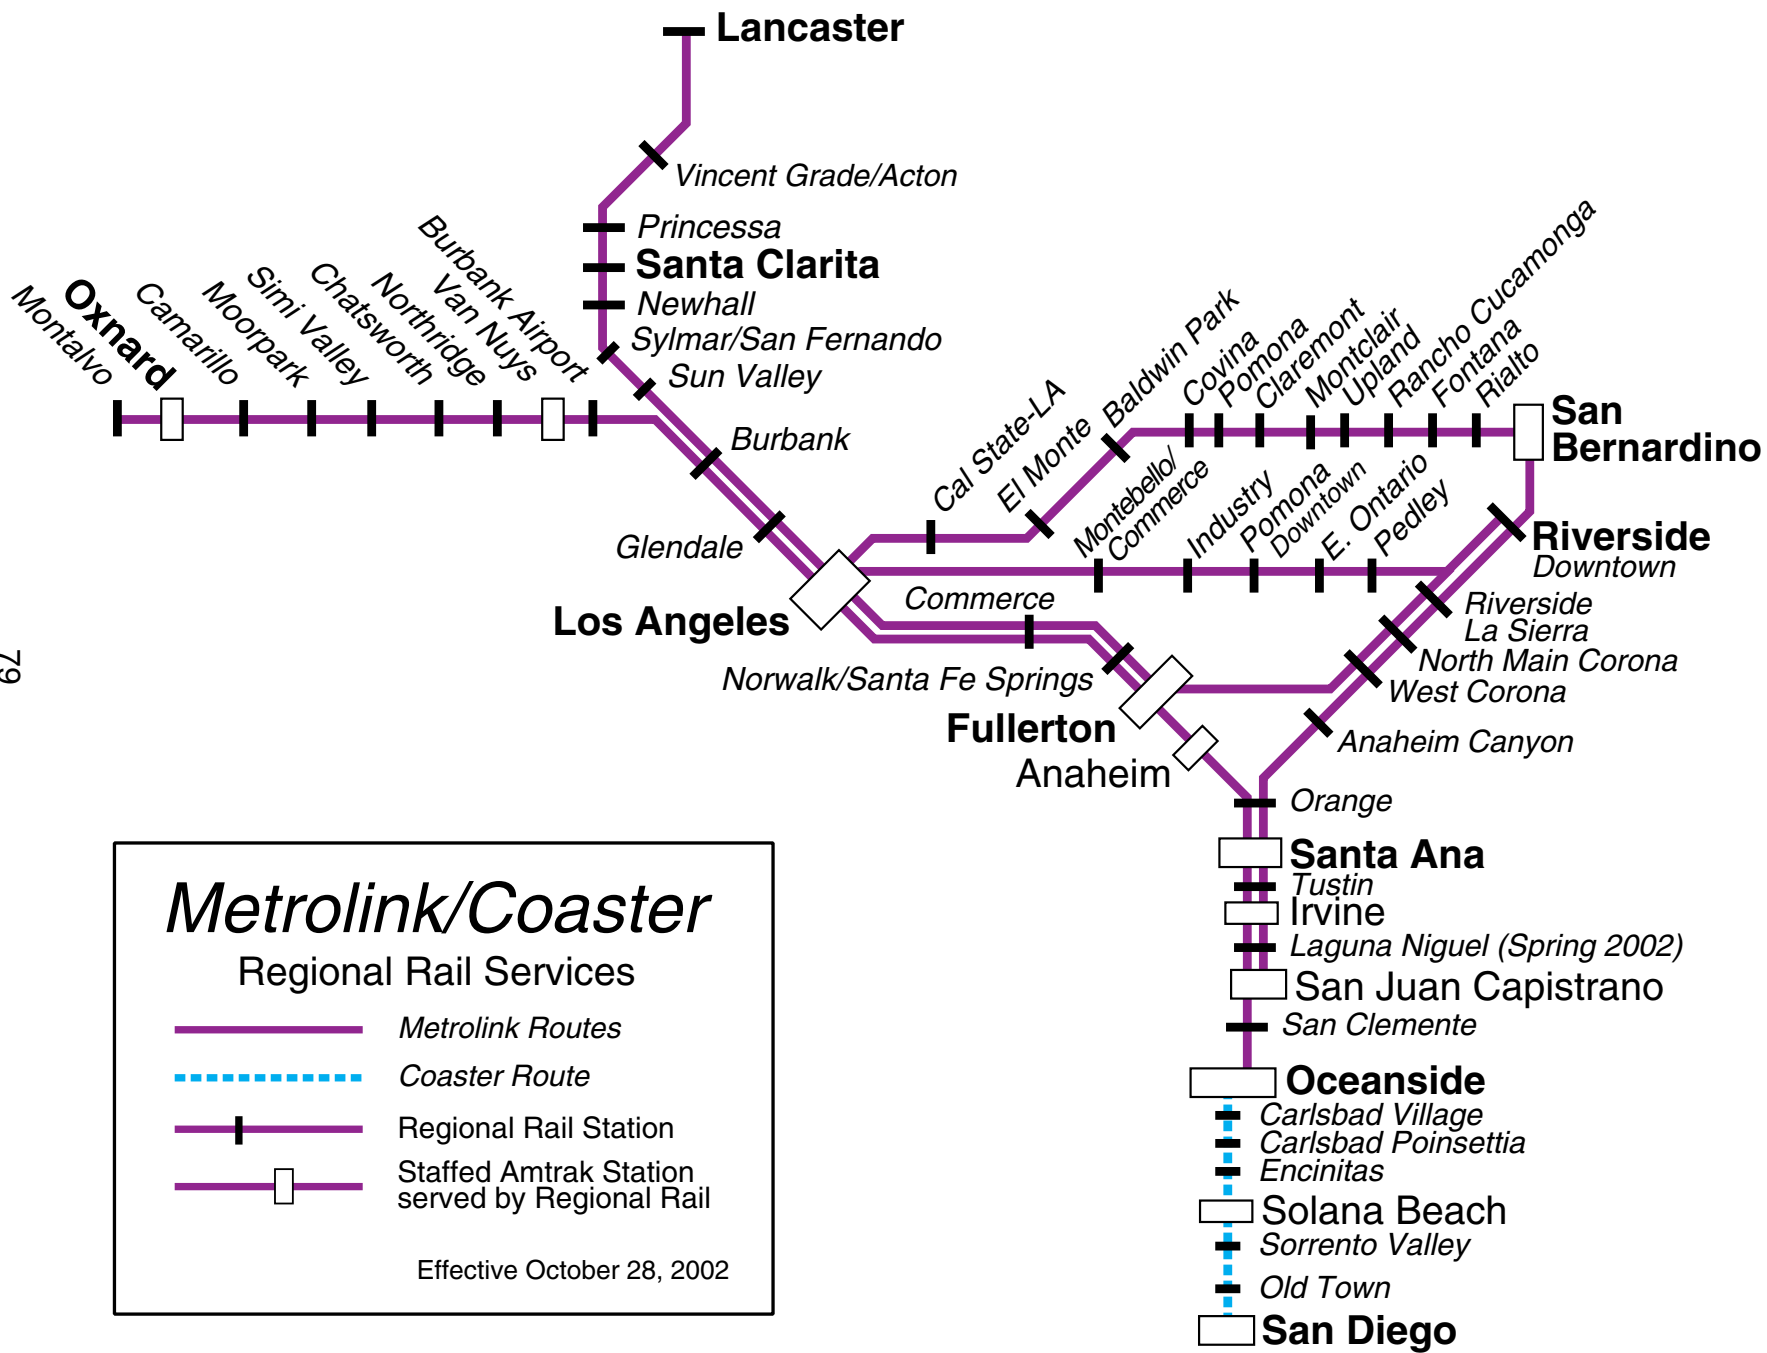

ACE tickets are not honored on Amtrak trains and buses, Except: ACE monthly ticket holders may ride certain Amtrak trains and buses between San Jose, Great America and Fremont/Centerville. Also, ACE monthly ticket holders may ride certain Amtrak Route 6 buses between points served by both routes. When Amtrak bus stop is at a different location than the ACE station, passengers must make their own arrangements. ACE one ride, two ride or twenty ride tickets are not valid on Amtrak trains or buses.

Note that ACE uses different stations from Amtrak in Tracy. Amtrak *San Joaquin* trains that operate to or from Oakland use a different station than ACE in Stockton.

ACE information: 1-800-411-RAIL or www.acerail.com
